

# Introducing Our New Line of Air-Jet Whirlpool Tubs

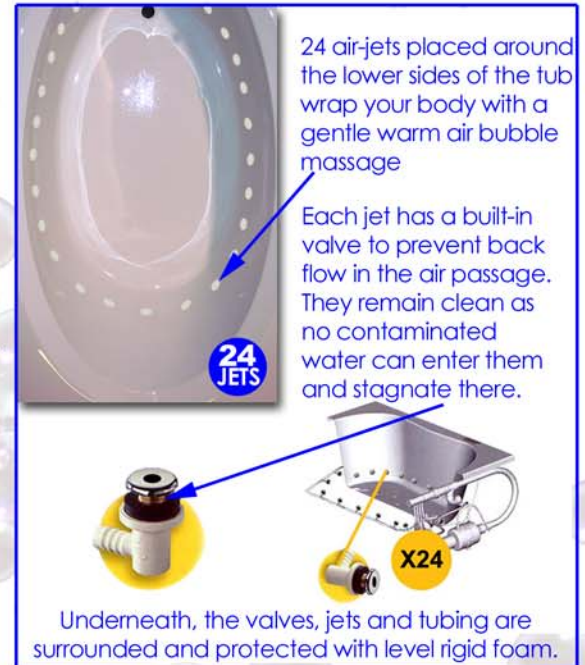

## Available With Water Jets, Air Jets, or Both!

Imagine millions of warm air bubbles surrounding and caressing your body during your bathing experience. Now available on four of our whirlpool models, the Air-Jet system includes 24 strategically placed Air-Jets on the lower sides of the tub which supply warm air bubbles while you bathe.

In addition to the Air-Jet system, our whirlpool tubs can be outfitted with adjustable water jets complete with 6 or 8 jets and 7 amp. pump

And now, both jet systems can be combined on one of four tubs for the ultimate bathing experience!

### Air-Jets are available on four of our most popular whirlpool tubs:

**Valletta - 72"x42"x19"**  
54 Gallon Capacity  
6 Adjustable Water Jets  
and/or 16 Air Jets

**St. Marc - 60"x60"x19"**  
65 Gallon Capacity  
6 Adjustable Water Jets  
and/or 16 Air Jets

**Rousseau - 60"x42"x20"**  
75 Gallon Capacity  
6 Adjustable Water Jets  
and/or 16 Air Jets

**Magna - 72"x42"x27"**  
78 Gallon Capacity  
8 Adjustable Water Jets  
and/or 16 Air Jets

### Popular Add-On Accessories

#### Multi-Color LED Bath Lights

Add mood and style to your bathing experience with our colored LED bath lights. Available in 5 colors, 9-LED and 18 LED models available and fits standard light niches.

#### Aroma Therapy Dispenser

The aroma therapy dispenser dispenses a light aroma therapy fragrance into the blower or jet air system. Just apply fragrance to the provided wicking strip, drop it into the dispenser and activate either your Blower or Jet pump depending on your system. And escape!
