## Warranty:

Wood carriage doors are warranted for one year from date of installation. This warranty only applies to installations performed by Builder Specialties. Failure to properly finish all door section surfaces, including sides, back, face and joints, will void the warranty. Builder Specialties will pay for all material costs associated with any warranty repair work. However, labor costs associated with the removal and reinstallation of any repaired sections will be your responsibility. This warranty extends only to the original purchaser of the carriage doors.

## Maintain your door against sun and moisture:

- Painted doors - repaint every 1-2 years to protect and seal the door.
- Stained doors - reapply stain as needed. The clearer the stain, the more it will need to be reapplied.
- Failure to maintain doors will void the warranty.

**Finishing Instructions can be found on the BSI website.**
